1. I am changing the message that has been presented for years, for it is not enough and it is not complete. It does not reflect all of Me in the balance of power between My organs of My body. My body is one and My body is fashioned after My body.

2. My body must mature in how it deals with My body and the message it presents to Mine—Mine who have yet to embrace Me in fullness—so that it knows what fullness is—and what they are missing if they don't.

3. Rely on Me instead of patterns ingrained from leaders past. I am reading you My heart as you listen to Me and learn at My knee, and only Me, and My words to you, as you speak to My people.

4. Revert not back to historic methods of harvesting when this is a new day and requires new thoughts, new methodologies, new strategies and skills not even imagined in centuries past.

5. Release them and let them go and love Me for who I am and I will mature them. Facilitate their maturity in knowing Me and I will relate and release and abound them in power and glory and grace, of Me—and I thank you for taking Me at My word. Thank you.

6. Arise My troops in energy of Me and skill of Me personified in wisdom and energy energized of Me.

7. Paint them in the picture Ted.
Paint the picture of the Church that I bring into your life, and multiply exponentially what I do with them who will see themselves painted in your portraits.
